

CAR SHINE

EXTERIOR MAINTANANCE SPRAY

Description

Rymax Car Shine is a very effective and user friendly spray for obtaining sustainable shine of car exteriors. It is particularly suitable for treating lacquered, plastic and chromed car parts. Rymax Car Shine can be used for large surfaces. It is water resistant, reduces dirt attachment and gives ultimate protection against weather changes.

How to use?

Before use, carefully read the directions on the packaging and act accordingly.

Do not use in full sunlight.

The aerosol should have room temperature. Best processing temperature 5 to 30°C. Before use, shake the aerosol.

The surface should be clean and dry. Apply Car Shine in a thin, equal layer and distribute with a soft cloth. Allow to take effect for one minute and polish to gloss.
